

Topic:

Suicide: Another important “talk” with Your Kids

**FREE
Presentation
via Zoom
Videoconference**

FSGC presents

Real-World Parenting Conversations

**Thursday, September 16
6:30-7:30 p.m. CT**

**Presented via Zoom
videoconference on your
phone, tablet or computer.**

Parents talk to their kids about risks like drinking and drugs. Why not talk about the risk of suicide, as well? Suicide is the number two cause of death among people ages 10-24. Even if your child seems happy and healthy, this is an important conversation to have.

Tina Brackman, LPC, MS-Art Therapy and FSGC Crisis Clinician, will provide information and real-world tips on when and how to talk with your child about suicide as well as why it's important.

In addition, if you have a specific question, you'll have the opportunity to ask it when you sign up. Then, Tina will answer it during her presentation.

This presentation is FREE, but you have to register. A Zoom link will be sent no later than 5 p.m. the day of the presentation.

Spots for this virtual event are limited—first-come, first-served!
